THE STRATEGIC SHAPE OF THE WORLD: PROCEEDINGS OF MEA-IISS FOREIGN POLICY DIALOGUE

Sage Publications, New Delhi, India, 2008. Paperback. Book Condition: New. First Edition. This book is a compilation of the proceedings of the MEA-IISS Foreign Policy Dialogue held at New Delhi in December 2007. The International Institute for Strategic Studies (IISS) is the worlds leading think tank on international security, political risk and military conflict. It provides trusted and independent analysis for professionals and institutions wanting cutting-edge information on global developments and their effect on political and economic affairs. Similarly, the Public Diplomacy division of the Ministry of External Affairs was especially created in April 2006 as it was increasingly felt that in todays world, successful foreign policy practitioners would need to have an open and regular dialogue with civil society, NGOs, academia, think tanks and media. This dialogue between the IISS and the Public Diplomacy division of the MEA focuses on three subjects: the strategic shape of the world (in terms of foreign policies of different nations), international terrorism and energy security. It emphasizes that in the context of globalization and economic interdependence, the real source of danger lies not in the fact of supremacy of the Westphalian state order, but in issues like terrorism, energy security and environmental and climate change which threaten stability. These are recognized as global threats and the dialogue focuses on ways to deal with them. Printed Pages: 120.
