THE POWER OF SERENDIPITY REVEALS THE SCIENCE OF GETTING RICH

Createspace, United States, 2011. Paperback. Book Condition: New. 213 x 137 mm. Language: English . Brand New Book ***** Print on Demand *****.Review If you are looking for philosophy and metaphysical theory, this book is not for you. If you are looking for results . . . Read this book! - Jordan S. Wright, President of E-Books for Successful Living Product Description Serendipity is not an accident, as many people think. It s something we create. Similarly, getting rich and being successful are completely up to you too. Before Norman Vincent Peale . . . before Napoleon Hill . . . before Deepak Chopra . . . there was Wallace D. Wattles - the first success and prosperity writer. Wattles introduced the world to the power of positive thinking and preceded all the Law of Attraction writers, speakers and mentors who came after him. Without Wattles, there never would have been The Secret, The Law of Attraction or The Power of Positive Thinking. Now you can go directly to the source with this easy to understand book on using the Law of Attraction to attract wealth. Enjoy reading this pioneer success writer s original classic - The Science of Getting Rich - in this delightful new edition and discover The Law of Attraction in Action . . . or as Madeleine Kay calls it - The Power of Serendipity. This book is pragmatical, not philosophical; a practical manual, not a treatise upon theories. It is intended for the men and women whose most pressing need is for money; who wish to get rich first, and philosophize afterward. - Wallace D. Wattles, From the Preface About the Author Wallace D. Wattles (1860-1911) was an American author and pioneer success writer, who began his life in poverty, but achieved success and wealth...
