Jossey-Bass, 2003. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Here's everything you have ever wanted- or not wanted- to know about grading. Definitely a must read for parents, teachers, and students." -Harry K. Wong, educational consultant and author, *The First Days of School* "Over the years, Tom Guskey is the teacher from whom I have learned the most about the principles of effective communication. He has consistently analyzed and articulated our communication options with immense clarity. He's done it again, this time for parents." -Rick Stiggins, president, Assessment Training Institute "The book is so eminently clear and sensible, it should be required reading for all educators and policymakers, not just parents. In jargon-free prose, Guskey strips away the murkiness surrounding grading and reporting, while never falling into oversimplification. There are many concrete suggestions for both writers and readers of reporting systems. A must for the faculty room as well as the family library." -Grant Wiggins, president, Learning by Design.
